EAGLETS.
The saloon ordinance was amended Monday night without the expected opposition showing up very strong. The reason for the situation was said to have been that the aldermen from whom opposition was feared considered the ordinance worth just about as much as the paper on which it was written.
The measure was designed supposedly to cure the weakness in the Harkin ordinance pointed out by the Supreme court. Its decision was that the holder of a license has not, because of that possession, any more right to a renewal of that permit than any other applicant for a license. The license committee's amendment provided that the Mayor "may in his discretion" allow a priority to the claims of license holders at the opening of a new period. The Mayor contends he has had that power ever since the court decision was handed down.
The ordinance passed. It is estimated, will increase the city's revenue from saloons. License fees amounting to \$2 for each assignment recorded are provided for and in cases of transfers during a period the new holder must pay to the city a pro rata fee for the remainder of the period. The seller "loses" part of his fee.

President Edward Maher of The Lawyers' Association of Illinois, is justly proud of the organization. It is growing rapidly in membership and in influence. At its last meeting The Lawyers' Association of Illinois adopted resolutions commending President Wilson for his advocacy of the repeal of the Panama tolls exemption clause. The resolutions in part were as follows:
Be it resolved, That this association concurs in and supports the views expressed by the President in his message, believing that the exemption provision is in violation of the letter and spirit of the treaty of Nov. 18, 1901, between the governments of the United States and Great Britain whereby the neutrality of the Panama Canal was assured and its use on equal terms forever guaranteed to the nations of the world; That equal terms, however phrased in writing, mean equal rates of toll; that as a nation the people of the United States are bound in honor to maintain that treaty and forbidden by enlightened conscience and sound morals to evade its provisions through narrow interpretation.
Copies of the resolutions were sent to President Wilson, Vice President Marshall and Champ Clark, speaker of the House of Representatives.

The easiest way to offend Telephone Billy Pringle, Republican candidate for Alderman in the Third ward, is to say hello to him.

Phone rivalry has been barred in Illinois by the State Utilities Board. Now let them raise phone rates to the sky.

No imported beer on the market today has met with greater success than that handled by August Luchow. The Original Pilsener, from Pilsen, Bohemia, is sold by this big concern, as is also the famous Würzburger Hofbräu from Würzburg, Bavaria. These beers are the favorites at Chicago's leading clubs, restaurants and buffets. They are without a peer. The Chicago offices of August Luchow are located in the Stock Exchange building, 30 North LaSalle street and are under the management of Hans Luchow. Mr. Luchow has made a splendid record for the business in the West and he enjoys a widespread popularity among Chicago's leading business men and citizens.—Advertisement.
